Coroner W. F. Crosby Files For Re-Election

William F. Crosby, of Burlingame, coroner and public administrator of San Mateo County, this week filed papers with the county clerk at Redwood City for re-election to the office in the August primaries. Crosby was appointed to the office four years ago. He has issued the following statement:

"Four years ago, when the office of Coroner and Public Administrator became vacant owing to expiration of the regular term, and it became legally necessary to fill that office by appointment, as provided for in the San Mateo County charter, the Board of Supervisors honored me with the appointment, believing that my experience and qualifications fitted me for the position.

WILLIAM F. CROSBY

"Every case handled by the coroner's office involves contact with individuals suffering from shock and bereavement. In dealing with them it has been, and will continue to be, my earnest purpose to bring to their problems sympathetic and tactful understanding, as well as efficient service in my official capacity: In the four years during which I have been privileged to serve the people of San Mateo County, I have completely systematized the coroner's office, with no additional cost to the taxpayer. Realizing that scientific methods of investigation must be employed in many coroner cases, I have installed a pathological and toxicological department. Where I have believed it would benefit coroner's juries in their deliberations I have kept a photographic record. I have seen to it that the coroner's office is operated and maintained on a daily

FRAUD CHARGED IN AFTER DEATH WILL SIGNING

Jurist Makes Caustic Comment As He Orders Copy Of Transcript Forwarded

When Joseph H. Gemur, who owned considerable property on the Peninsula, died on May 7 of this year, in Oakland, his estate was estimated at approximately $150,000. It was little thought at the time that serious complications would arise over settlement of the estate.

However, litigation later arose when two wills disposing of the estate were filed in the superior court. One was an holographic will penned by Gemur in Palo Alto in February, 1932, leaving the bulk of his estate to Mrs. Oeschger.

The second will, dated May 6, 1938, created a trust fund, with Mrs. Oeschger, Gemur's adopted daughter, and Charles Bonney each to hold equal interests of one-third each, the other third going to Fred Bonney of Wamsutter, Wyo., a stepson of Gemur, and Mrs. Blanche Bonney Graham of Spokane, Wash.

As attorneys prepared to "dispose" of the second will by asking for letters of administration under the first, in the San Mateo County Superior Court, Judge McNutt halted the proceedings, placed Mrs. Oeschger on the stand, and drew from her a confession that the second will had been fraudently witnessed. There was serious question that Gemur ever signed the 1938 will, Judge McNutt said.

The Palo Alto woman startled the courtroom by testifying that Charles H. Bonney, stepson of Gemur, signed Gemur's name to the new will in her presence, a day or so after the 71 year old property owner had died.

On the witness stand she admitted that she took this will to Dr. Albert H. Rowe and Dr. C. L. Mausser, Oakland physicians, for them to sign it as witnesses.

She said she asked them to "witness my father's signature to his will."

The two doctors confirmed the story in testimony that they had so signed as witnesses to a dead man's purported signature, but said they

CAMEL GOOD AT THROWING BULL

At the Fleishhacker Zoo an Indian sacred bull and a Siberian camel are pals and penmates of four years standing, but, Tuesday of this week, they were recovering from a serious falling out that threatened dire results.

By the time keepers, armed with crowbars and pitchforks, got into the pen, the camel had thrown the bull and was chewing on its rear leg.

D. C. MERCHANT PICNIC PLANNED FOR AUGUST 21

Affair To Be Held This Year At Lovchen Garden; Large Crowd Expected

Officers and committeemen of the Daly City Merchants Association met, Wednesday evening of this week, to outline plans for the annual picnic to be held at Lovchen Garden, Sunday, August 21.

Chairmen of subcommittees were appointed by President Petersen to handle details of the affair. Charley Williamson was appointed chairman of the concessions committee. Bert Meritt was appointed to head the dance committee. Refreshments and hot dogs will be handled by three committeemen: A. Milo, Peter Pavlos and C. Munz. P. Petersen and W. C. Pitschke will head the finance committee and Albert H. Boynton will handle publicity and admissions. Arthur Bodien and F. P. "Doc" Callsen will be in charge of games and entertainment.

It is expected that the picnic this year will be even a greater success than those of previous years.

VOTE FAVORS ENDORSEMENT OF CONGRESSMAN

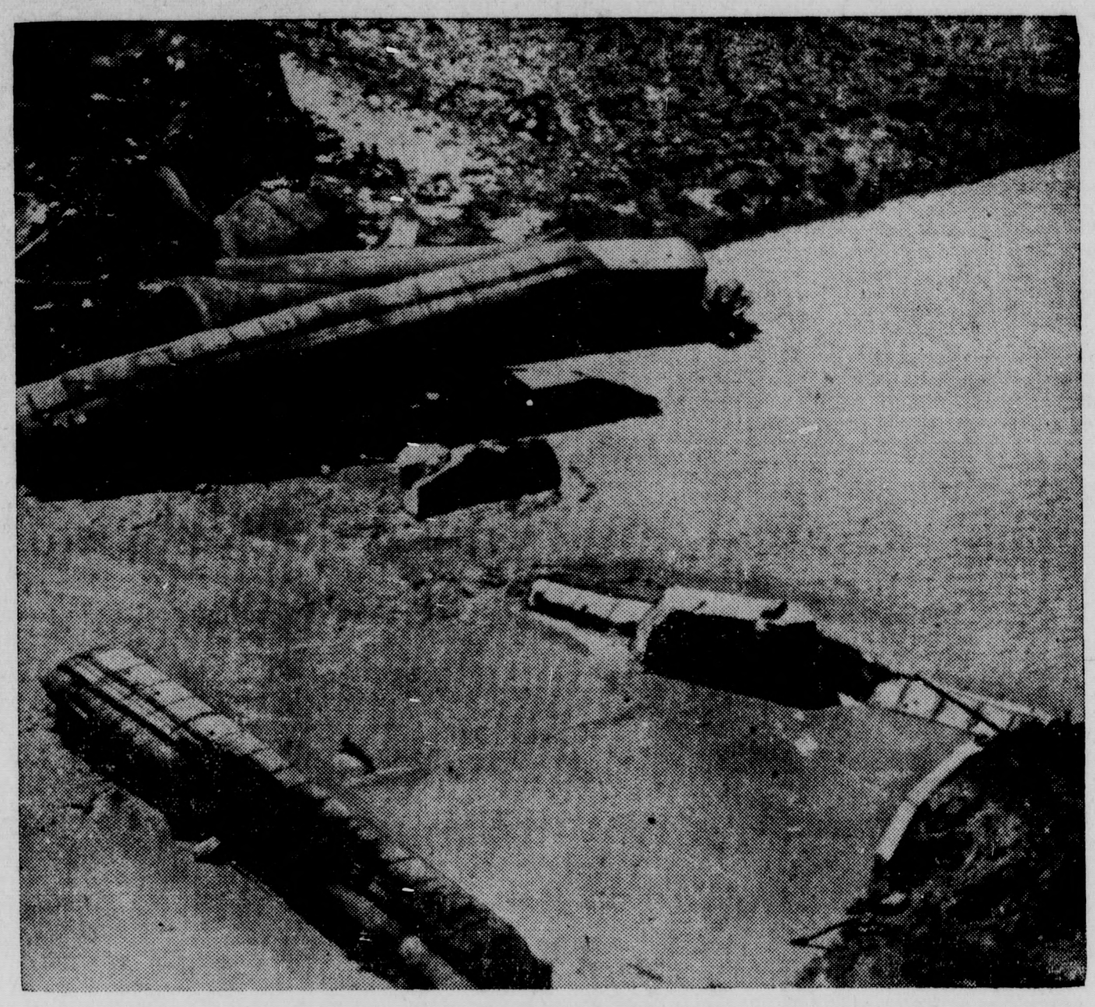
Unanimous endorsement of Congressman John J. McGrath of San Mateo for re-election in the Democratic primaries was voted this week by delegates from 51 affiliated organizations to the Eighth Congressional District Federation for Political Unity. The Federation represents San Mateo, Santa Clara, Santa Cruz and Monterey Counties.

The endorsement was made on the basis of McGrath's support of the progressive policies of the Roosevelt administration, to which the Federation for Political Unity is pledged in its state and federal platform.

LIKES MARRIED LIFE

"I've never before come back from Europe in such a happy frame of mind," said Secretary of the Interior Harold L. Ickes, who arrived in New York City on the Ile of France, Tuesday evening of this week, in company with his redhaired bride, the former Jane Dahlman, 25.

MONTANA TRAIN WRECK TOLL MOUNTS TO 50 DEAD



As rescue workers recovered eleven bodies from sleeper B of the Milwaukee Railroad's wrecked Olympian, death toll of the tragic train wreck mounted to 50. Other bodies were reportedly believed to be pinned under coaches or swept down the swollen Custer Creek. A cloudburst near Miles City, Mont., weakened the bridge just as the crack passenger train began crossing. The body of a woman, believed to have been a passenger, was recovered from the Yellowstone River near Glendive, 50 miles from the scene of the wreck. Photo shows a general view of the wrecked Olympian, part of which lies in the Custer Creek. Two of the cars lie directly in the water. The one at right is almost submerged.

COUNTY BOARD IN AGREEMENT TO AID IN PUBLICITY

Proposal For Appropriation For Advertising Purposes Tentatively Assured

A tentative agreement to appropriate $22,000 in the next two years' county budgets for advertising the Peninsula during the World's Fair next year was reached by the Board of Supervisors, Tuesday afternoon of this week, at a meeting with representatives of San Francisco Peninsula, Inc., formed for publicizing the Peninsula in connection with the Golden Gate International Exposition.

The appropriation of the funds, which would be raised by a 1-cent levy in the tax rate for this coming year and for next year, is contingent upon cities of the Peninsula agreeing to aid financially. Santa Clar County also will be asked to make an appropriation.

Large business firms also are expected to contribute, so that a total fund approximating $50,000 may be available.

Besides advertising in outside publications, the organization would arrange for displays at the fair on Treasure Island; would distribute literature to visitors, and otherwise arrange to pulicize the Peninsula.

All county advertising would be in athe hands of the organization during the period of the exposition.

"BOOKIES" NO GO SAY S. M. POLICE

Following an announcement that "Bookies" must stay out of San Mateo, police officers raided the Pacific News Company of 328 Third avenue, taking Walter Lyons, an employe of the company, into custody, Saturday night of last week. He was booked for taking bets on dog races. When he was arrested, $45, allegedly placed with him as wagers, was seized.

Crowds of patrons, thronging the betting joint were sharply warned and then permitted to go free. It was learned that police had been watching the San Mateo cigar stand and soft drink parlor for several days.

Lyons was jailed, but on Monday of this week was set at liberty on $200 bail. He is to appear in court this morning.

FIVE BRIEF TIPS FROM NATIONAL SAFETY COUNCIL

If you are the driver on an automobile trip this vacation season, here are five brief tips from the National Safety Council to help you reach your destination and return safely:

(1.) Don't try to drive too far in one day. Fatigue is an important cause of serious highway accidents.

(2.) When passing other cars, make certain that you can see well ahead and that there is ample room to pass without danger.

(3.) Don't be a road hog. Stay on the right side of the road and make it easy for others to pass when they want to.

(4.) Unless you feel that life has nothing more to offer, don't try to hang up any speed records. Be able to stop within the clear distance you can see ahead. This means slow up at curves and intersections.

(5.) Check over your car before you leave. Make sure your brakes, steering, wind shield wiper and tires are in good shape. Don't wait until your safety depends upon them before you discover they are not up to par.—San Mateo County Traffic Safety Commission.

WOMEN HURT IN LAWNDALE AUTO CRASH SUNDAY

When two cars collided in a crash at Lawndale, Sunday morning of this week, a car in which five were riding was struck and overturned while turing into the Home of Peace Cemetery.

As a result of the accident Two San Francisco women were injured.

Edmund Lyons, driver of the car, was turning into the cemetery when his car was struck and overturned by another.

The injured were Mrs. Harriet Lyons, 172 Twenty-first avenue, and Mrs. Zerline Golding, 1850 Broderick street, who were passengers in the overturned machine. Both suffered bruises. Mrs. Lyons also suffered contusions of the chest and Mrs. Golding a sprained shoulder. They were treated at Villa sanitarium.

DEATH CAUSED AS DOG HALTS AUTO TRAFFIC

Sudden Stop Results in Collision As Canine Strolls Across Highway

Death came to Mrs. Marie Gale, 82, 3778 Clay street, San Francisco, in Children's Hospital, San Francisco, Monday of this week, as the result of a peculiar automobile accident on the Bayshore highway, opposite the entrance to Brisbane, which occurred the day before. The victim died of multiple injuries aggravated by shock and old age.

A dog which strollled across the Bayshore highway was indirectly responsible for the fatal crash. Mrs. Galene Gale Shannon, 43, daughter of Mrs. Gale, was driving when the dog halted traffic. The car in front of Mrs. Shannon stopped, and as she applied her brakes the front right wheel crabbed, throwing the car into the slow lane, where it was struck by a truck driven by John Frank Pheifer, 34, 2349 Haley avenue, Norwalk, a town near Whittier.

The two women were returning from a visit to Mrs. Daniel M. Burns of Palo Alto, sister of Mrs. Gale. Mrs. Burns is widow of the late Daniel Burns, one time secretary of state of California.

Mrs. Gale was also an aunt of Mrs. George Dunn of Half Moon Bay, wife of the publisher of the Half Moo Bay Review. She resided with her daughter.

Mrs. Gale was first taken to South San Francisco Hospital, where she was treated for contusions, abrasions, possible fracture of the ribs and internal injuries. Later she was transferred to Children's Hospital.

Deceased was a widow of the late George Gale, who at one time was active in California mining.

Three Men Hurt At Bayshore City

A truck driven by H. Van Zant, 44, 225 San Benito road, Brisbane, and cars of Harry B. Feldman, 32, 927 James avenue, Redwood City, and Arthur R. Rule, Jr., 31, Palo Alto, collided, Tuesday of this week, at Bayshore highway and Geneva avenue, Bayshore City.

The three men were bruised and shaken.

PUTTING RADIO ADVANTAGES IN OWN CATEGORY

Survey Demonstrates That Idea Of Supremacy In Advertising Value Is Only Illusion

Only 25 per cent of all radio receiving sets are in operation at any given time, and even at peak periods listener-reception never rises above 50 per cent of the number of radios in a given area, a survey of the Los Angeles radio audience revealed recently.

Manufacturers, industrialists and advertising men were quick to attach paramount importance to the survey, made in an area which, according to radio executives, is the only one in the world where the audience-reaction and number of listeners is automatically recorded.

The survey system used in the Los Angeles area involves 29,000 direct telephone interviews concentrated in the market for a period of one week each month. Calls are put through every fifteen minutes for thirteen hours each day, the cost of the survey being borne by individual radio stations and national networks.

To secure 29,000 actual interviews, the surveyors found it necessary to make 68,000 telephone calls. Starting at 8:15 a. m. and ending at 10 p. m., the survey shows the total number of listeners for the day, the number of listeners to any station during a definite period, and the number of listeners for each fifteen minute period over the entire area.

When compared to the number of receiving sets in the section, the survey revealed that the average number of sets in operation during the entire week was but 25 per cent of the total.

In a typical week, those conducting the study of the market found that peak reception came at 9 p. m., Sunday, when approximately 50 per cent of all receiving sets were turned on. The average for the day, however, was given as but 22 per cent of the total.

Poorest day for listeners to programs was given as Saturday, when a high of 30 per cent was recorded at 8 p. m. with the average being only 15 per cent of the potential number of sets in the area.

Peak reception was recorded between the hours of 8 and 9 p. m. on each day of the survey.

With these facts before them a readjustment of concepts regarding radio began throughout the advertising field. Executives pointed out that obviously it was impossible for everyone to secure time at the peak periods, and that the low number of radio recording reception at most of the other times of the day did not warrant huge talent, time and program cost. They also pointed out that other media in the advertising field, now that proper and conclusive figures on radio audience coverage have been made available, can tell their story more than adequately.

Praise for radio for placing itself on a firm footing regarding listener claims were heard on all sides, with frequent comments regarding presentation of facts, rather than hypothetical reports of the number of listeners, coming from leaders in all fields.

PIONEER ACTOR DIES SUDDENLY

While walking along Broadway in San Francisco, Tuesday of this week, Edgar J. Regan, character actor on stage and screen for nearly 40 years, dropped dead of a heart attack.

Best known recently for his major roles in Federal Theater projects at the Alcazar Theater, Mr. Regan had been associated with the theater since his 'teens.

Born south of Market and a member of an influential San Francisco family, he went on the stage on his graduation from high school, became associated with Producer Henry Miller, and was presently cast opposite Margaret Anglin in "Camille."

He later was cast in plays with Maude Adams, Pauline Frederick and E. H. Sothern, and in the early days of motion pictures worked with Charles Ray, William S. Hart, Lillian Gish and other stars of the "silents."

Mr. Regan, who was 58, lived at 280 Sixth street, and leaves two brothers — Alfred P. and Paul J. Regan.

ROCKAWAY BEACH PEDRO VALLEY

By C. H. T.

Cars rolled along that straight stretch between Pedro and Rockaway last Sunday, as close as beads on a string. Many of the cars turned off at the Pedro curve, to enjoy our local scenery and the magnificent view to be obtained on the road from Danmann's corner to Shelter Cove. A broad expanse of turquoise-tinted sea, with fragile trimmings of white surf, and the warm California sunshine bringing out every highlight, made the whole scene vital and entrancing!

* * *

Local resorts must have had a busy and profitable day, for the cars were parked as thick as flies around honeypots. Saturday, as we recall the day, was rather depressingly blanketed with fog that pressed in from the ocean and made the early morning hours damp and chilly. Still, this fact did little to discourage the weekenders who came down in great numbers to dig in their gardens, and dust the furniture.

* * *

The William Johnsons had guests over the weekly holidays, and all four turned to and helped with the improvements that are continually in process at this tidy and artistic home.

* * *

The Fred Bohrs spent a full day attending to garden and house. And, by the way, those white daisy bushes tone in with the new color scheme of white and blue, making a picturesque showing.

* * *

The Barnes took a leisurely two-day holiday at their cabin, reserving time for both work and play.

* * *

Mr. and Mrs. Bart spent Sunday with Mrs. Becky Johnson.

* * *

Mr. and Mrs. Hackman of Pedro are enthusiastis workers for the California Pension plan, and they devote time in off-hours, to tell their friends and neighbors about it. The view from their porch, over Pedro and the sea, is a beautiful one. The whole family of three are deeply interested in birds, and, in fact, all animals. The advent of a new bird in their trees is the high point in any day. Mrs. Hackman is also a great lover of children. She plans many good things for the children she knows of who need food, shoes, clothing, and toys. All these characteristics surely make for a fine quality of citizenship.

* * *

Mr. and Mrs. Lucius Cole spent the weekend at their cabin, and returned in the mid-week to put some special work on their pretty gardens.

* * *

We understand that a certain young bride, for whom her mother purchased a building lot in this locality, is far from being satisfied with it, in spite of its scenic and garden possibilities. She wants something more "classy" — or should we say recherche? — down the Peninsula, where there is less scenery, but more social prestige. To live on the ragged edge of society's splendid homes, and pay exorbitant taxes merely to watch the social elect roll past. Is it worth it, little bride?

* * *

Mr. and Mrs. Aldrich of Rockaway have a guest from Oregon, Mr. H. Harold, visiting them. The Aldriches entertained fifteen friends over the Memorial Day holidays. Mrs. Aldrich has bought one of those new top-peak Chinese garden hats that the local kiddies are wearing, from one of the Rockaway stores. They look as if they were constructed out of painted tin, but it's something else —papier mache, perhaps.

* * *

The Clyde Garners, who have been vacationing here and there, returned to their home in Pedro on Wednesday afternoon. Gretchen, the dog, and her three waddling puppies welcomed them back. A kind neighbor fed the animals, by special request, during the Garners' absence.

* * *

Report says that Gus Krieps, formerly of the White House, at Rockaway Beach, is joining up with a Pedro tavern proprietor, as bartender.

* * *

With the week safely at an end, a sedan containing four persons, drove along the Pedro Beach embankment, Monday afternoon, and not noting the gap, fell into Pedro creek. The accident occurred at about 4 o'clock in the afternoon. An ambulance was hastily summoned, which carried all four people, more or less injured, to the hospital. Don Hutley of Rockaway succeeded, later, in getting the damaged car out of the creek. This dangerous gap is unfenced, and not easy to see until a car is almost at the edge. Railings were formerly placed on both sides of the gap, but these have invariably been torn out by campers seeking fuel for beach fires. If our improvement club could put iron posts with a chain stretched between them on each edge of the gap, accidents of this sort could not occur. Pedro is reputedly what one might call "deliberate" in such matters, but we may get around to it, now that this recent mishap has taken place.

* * *

Mrs. Viola Harrison and her charming daughter, entertained the "Ladies Aid Society" at a delightful luncheon one afternoon in the past week, with several hours later on the beach. All returned home to the city nursing sunburn. Which latter fact goes to prove that the coastside is not always wrapped in fog!

* * *

Jack Harrison, San Francisco police officer, is enjoying a vacation with his family at their summer residence in Rockaway Canyon. Officer Harrison's brother, George, is also vacationing at his own nearby home in the Canyon.

Lesson Sermon Of Christian Science

"The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away." These words from Isaiah comprise the Golden Text to be used Sunday, June 26, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Christian Science." Included among the Scriptural selections will be: "And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever; Even the Spirit of truth; whom the world cannot receive, because it seeth him not, neither knoweth him: but ye know him; for he dwelleth with you, and shall be in you" (John 14: 16, 17).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The time for the reappearing of the divine healing is throughout all time; and whosoever layeth his earthly all on the altar of divine Science, drinketh of Christ's cup now, and is endued with the spirit and power of Christian healing. In the words of St. John: 'He shall give you another Comforter, that he may abide with you forever.' This Comforter I understand to be Divine Science" (p. 55).

BETROTHAL TOLD OF EX-HIGH GIRL

Among the recently announced engagements was that of Miss Dorothy Clark, former student of Jefferson Union High School, Daly City, and William A. Pfeifer, son of Mrs. Dora Pfeifer, Forty-sixth avenue, San Francisco.

At a miscellaneous shower, given in her honor, Monday evening of this week, at the home of her mother, Mrs. Welch, on Mission street, the wedding date was announced as July 3.

McGrath Endorsed By Labor League

Congressman John J. McGrath of San Mateo has been endorsed for re-election by labor's Non-Partisan league.

The league, at its convention in San Francisco, this week, also endorsed candidacies of Ellis Patterson for lieutenant governor and William Mosley Jones for attorney general, but withheld endorsement of candidates for governor and United States senator.

Erwin Straus of Berlin began composing music at the age of 9, and at 19 has written four operettas which are enjoying much popularity.

OBSERVATION OF VARIOUS THINGS IN OUR CAPITAL

And June Brides, Don't Forget The Food Budget—Bulletins Will Help

It's so much fun to plan for that red kitchen and modernistic living room, that most young brides start out for their job of housekeeping with just a cook book under their arm, and, if they are lucky, a little experience in using it. One thing to make friend husband sit up and take notice is a business like attitude toward the very interesting task of keeping him well fed no matter how small his income may be.

The Bureau of Home Economics has a very helpful bulletin, that is free for the asking, on "Diets to Fit the Family Income." There is some good advice on what you, brides, should include in your market list to keep the boy friend healthy. It gives four diet plans to accomplish this well rounded schedule at four different levels of income, as follows:

"For example, let's take a family of two with an income of $1000 to $1200. Each week the diet planner in this family will probably have about $6 to $7 to spend for food. With a well thought out spending program she can get an interesting variety of food.

"In general, her food money will go for five different kinds of foods. They are milk and its products, fruits and vegetables, eggs, meat, poultry and fish, cereals, breadstuffs, sweets and fatty goods and accessories such as tea, coffee and seasonings.

"The first group of foods, milk and milk products, offers more than any other single group to good nutrition. A pint of milk for each adult and a quart for a child each day is generally recommended. But, of course, this will not all be taken as fluid milk. Some of it will be used in cooking. Part of it will be in the form of cheese and coffee cream.

"Getting table cream off the milk will leave the valuable milk solids for use in cooking. It may be better to buy other milk for cooking in the cheaper forms, such as evaporated milk. This leaves more money for vegetables, fruits and meats. But however the milk order is varied, for the week it will be equivalent to about seven quarts of fluid milk for these two.

"This family of two probably will have meat about once a day—the amount depending on cut and price. On a moderate cost food budget the home maker can afford the more expensive roasts, steaks and chops occasionally. On other days, she will use less expensive cuts and at other times she may prefer to extend the meat flavor by combining the meat with cereals or vegetables.

"That's the general pattern for spending the family food money when there is a moderate amount of money available. Keeping careful account of how the money is spent and checking up occasionally will help the home maker work out a good division of her food dollar to take care of the food essentials."

Just write the United States Department of Agriculture, Bureau of Home Economics, Washington, D. C., for this very helpful bulletin. And just a tip—ask them to send you their list of publications, which includes a large number of interesting home making discussions by some of the country's foremost home economists.

COUNTY PIONEER DIES AT LOMITA

Mrs. Josephine Bolin, 70, a resident of Lomita Park for the past thirty-one years,died at her home, 101 San Juan avenue, Sunday, after a short illness.

Mrs. Bolin is survived by her husband, Charles Edward Bolin, a lumberman, and by six children—Fred, Charles E. Jr., Robert and Clara Bolin, Mrs. Anna Lacaze and Mrs. Eva Dynart of Tacoma.

Funeral services were held Wednesday afternoon at 2 o'clock with inurnment following at Cypress Lawn Memorial park.

JUSTICE STONE ON COAST VACATION

Associate Justice Stone

Harlan Fiske Stone, associate justice of the United States supreme court, is pictured as he recently visited San Francisco while on a vacation. After his visit to the West is over, Justice Stone will return home through Canada. He intends to spend the summer in Maine, where he and his wife have a cabin. Regarding growth of crime among American youth, Justice Stone hinted that too many mothers negelct their duties at home for outside interests.

KEEPS BUSY ON MERRY GO ROUND

Adolph B. Spreckels Jr., California sugar heir, is to remarry his first wife, Lois Quantain Clarke de Ruyter Spreckels Clinton, thrice wed and thrice divorced at 27, her mother, socially prominent Mrs. Lewis Latham Clarke, announced recently in New York.

The mother, with whom her daughter has been living for five months in her Park avenue home, did not fix a date for the marriage.

At seventeen Lois eloped to Elkton, Md., with the late John L. "Jack" de Ruyter. She divorced him in 1932 and five weeks later was married to Spreckels. The sugar man was shelved at Reno on May 27, 1935, and the next day she became the bride of Frank C. Clinton. Clinton was divorced by her in Reno last January 17.

DALY CITY SETS GOOD EXAMPLE

The city council of South San Francisco authorized the preparation of preliminary plans for a $100,000 community recreation building at a meeting, Monday evening of last week.

Plans call for a swimming pool and other recreational facilities. It is proposed to erect the new building, for which the council will seek a PWA grant, in the civic center.

The council appropriated $1000 for architect's fees.

An application for a PWA grant for a $17,000 extension to the library also was approved. The application will be filed as speedily as possible to qualify for early allocation of funds under President Roosevelt's new program.

Cong. McGrath Seeks Re-Election

Congressman John J. McGrath arrived home from Washington, Tuesday evening of this week, tired but happy to be back again.

His comment was that the members of Congress worked harder than at any previous session in his experience, at the term recently adjourned.

McGrath, on Wednesday, filed nomination papers for re-election on both Republican and Democratic tickets at the county clerk's office in Redwood City.

Mrs. Margaret Neville of Indianapolis charged her former husband with stealing an electric iron from her, but when the judge summoned her, she refused to testify, explaining: "We are going to be married again this afternoon."

RAISE LARGE SUM IN NATIONAL FETE

President Roosevelt was presented with a check, Tuesday of this week, at Hyde Park, New York, by the National Foundation for Infantile Paralysis. The amount of $1,010,000, for which the certificate is drawn, is to be used in the foundation's nation-wide drive to wipe out the disease.

Presentation of the check—it was a yard long and six inches across—was made by Basil O'Connor of New York, foundation president; Keith Morgan of New York and others on the committee which conducted the money-raising campaign for President's balls throughout the country.

Anxious neighbors entered the rain-flooded home of Mrs. Ah Quong in Alviso, Calif., only to find Mrs. Quong sitting impressively in a chair suspended from the ceiling by ropes —safe from the swirling waters.

MOOCHERS NEED NOT APPLY HERE

The Los Angeles County Board of Supervisors voted, early in the week, to support the Federal program to keep indigents from other states out of California.

The board endorsed a petition by the California Citizens Association, urging the state's congressional representatives to introduce legislation which would keep destitute persons in their own states.

Tree Of Liberty Aflame This Week

Berkeley's "Constitution tree" was illuminated for the first time this week on the one hundred and fiftieth anniversary of the birth of constitutional government in this country.

The tree is at Constitution Place, Shattuck avenue and Center street.

ALL LOVE THE CHEERFUL GIVER

Mrs. Grace Moore, an inmate of the Crocker Old Peoples Home, Pine and Pierce streets, San Francisco, was motored by a friend, Tuesday of this week, to the office of the Chinese Six Companies, where she delivered $30 to B. S. Fong, chairman of the Chinese committee and received a receipt in both English and Chinese with the great seal of the Six Companies on it.

More than casual interest did Mrs. Moore have in Chinatown. She was born at the corner of Washington and Stockton streets on Saint Valentine's day in 1852, before there was a Chinatown. Mrs. Moore, one of the city's oldest pioneers, is the daughter of the late Capitan Martin R. Roberts and sister of Theodore Roberts, late great film star of the "acrobatic" cigar.

After hearing of the Rice Bowl party and China's suffering, she had said, "Surely the spirit of this home is reflected in the spirit of this festival to aid those innocent victims in China. I wonder if we couldn't take up a little collection—"

No sooner said than done. Although most of the inmates had to make a real sacrifice to spare even a 5-cent piece, they brought to her their offerings.

ISSUES LIST OF OFFICIAL PARTIES

County Clerk W. H. Augustus, this week, issued the official list of parties which had qualified for the 1938 election and which may nominate candidates at the primaries as Commonwealth, Communist, Democrat, Progressive, Prohibition, Republican, Socialist and Townsend as announced by the secretary of state.

A previous statement was that the Townsend party did not qualify. It is said the Townsendites have more than a thousand members in this county.

VIOLENCE SHOWN BY MENTAL CASE

Mrs. Victoria Butterworth, 241 Los Olivos avenue, was committed to Agnew Hospital for treatment, early this week, after appearing before a sanity board in Redwood City, Monday of this week.

The patient, a victim of despondency, had become hermitical and with her three Russian wolf hounds had been leading a life of solitary confinement in her home, covering a period of eight months, when, on account of sanitary reasons, complaint was made by neighbors and the woman was ordered to appear in court, which she forthwith refused to do. A warrant was then issued by the police department of Daly City for her arrest and Mrs. Butterworth was brought before Judge Wade H. Clay, Saturday morning of last week.

The judge remanded her to the county seat for a mental examination. The case came under the personal observation of Dr. Harry E. Mason of Redwood City, whose diagnosis confirmed the condition mental. Mrs. Butterworth was then sent to Agnew Hospital for treatment.

When Officer Kusber of the Daly City Police Department went to the home of the patient to serve the arrest warrant, she appeared very violent and in her struggles against law enforcement, viciously bit her would-be benefactor. To the twisted mentality, incapable of reason, those who would render her assistance appeared to her as enemies seeking her demise. She believed her only friends were her three faithful dogs.

Fourteen unusually husky "girls" recently obtained jobs in a tobacco warehouse in Turkey and lost them again when it was found that they were young men in women's clothing. They pleaded that they were forced into skirts because girls were given preference in employment.

AUTO COLLISION HURTS MRS. SWART

Mrs. Adele Swart of Eaton avenue, Redwood City, widow of the late Superior Judge Franklin Swart, suffered head and shoulder injuries, Tuesday afternoon of this week, when the car in which she was riding with her son, Rufus F. Swart, collided with the machine of Fred Danford, Summit drive, Emerald Lake.

The accident occurred on the corner of Alameda de las Pulgas and Hopkins avenue, Redwood City, local police said. Mrs. Swart was taken to Mills Memorial Hospital, where she was reported on the way to recovery.

Mrs. Swart and her son reside on Eaton avenue in Redwood City.

CROSBY FILES FOR RE-ELECTION

(Continued from Page 1)

24 hour basis. Since I have been coroner and public administrator, all fees of the latter office have been turned into the county treasury, making the office self supporting. Prior to my term these fees were retained by the public administrator.

"Since the office of coroner and public admniistrator; through recent amendment of the county charter, now becomes elective instead of appointive, I am submitting my candidacy for the office which I have held for the past four years. My candidacy is motivated by the desire to continue serving the people of San Mateo County in this important public post in the same progressive manner which I have employed over the past four years, and which now is a matter of record. As far as I am concerned, the issues of my campaign shall always be clean and above board. I am of the sincere belief that the electorate of San Mateo County will choose its candidate by the record of his achievements."

Even Judges Have Sense Of Humor

Mrs. Edith Swain, 32, denied in Sacramento, Tuesday of this week, that she stole $16.50 from Cecil Swain, relief worker, when her husband said she could have $1—"the first money he has given me in two years."

"You are acquitted, Mrs. Swain," the judge said, "and let me tell you something. The money your husband has, under your marriage contract, is half yours.

"You can't steal it. Take a suggestion from me and take all your husband's money you can lay your hands on. You have it coming."

Freedom's FIRST LINE OF Defense

TRUE DEMOCRACY is impossible without an unrestricted exchange of opinion between the people and their public servants. The distinction between a free government and an autocracy lies in the right of all citizens to voice and print their own opinion, the right to oppose policies and candidates at the ballot box, the right to live their own lives and speak their own thoughts within the limits of constitutional law. Civil freedom in America was won for Americans at the price of battle, hardship, and bloodshed. To maintain it is the first duty of every American regardless of political conviction. Foremost among the barriers to dictatorship in our country is freedom of the press. American government will always remain a free government as long as the American press remains free from political coercion and censorship. You and your newspaper share equally in the responsibility of safeguarding American liberty. Support your newspaper—protect it—its welfare is your welfare—its freedom is your freedom.

Tomorrow the Community Church meets in its own building for the first time, with Church School at 10 o'clock and morning worship at 11. All are cordially invited to attend our services.

FRAUD CHARGED IN AFTER DEATH WILL SIGNING

Jurist Makes Caustic Comment As He Orders Copy Of Transcript Forwarded

(Continued from Page 1)

had no suspicion that they were doing anything contrary to law.

The stepson, Bonney, vehemently denied that he had signed Gemur's name to the new will, said he did not know of its existence until he was shown it in the office of a Palo Alto attorney.

Bonney said he flew from New Orleans to his stepfather's deathbed in Oakland, reached there just before the elderly man died.

Other witnesses called to the stand, refuted Mrs. Oeschger's story that Bonney affixed the signature to the will after Gemur's death. They testified that she had told them that, on the day of Gemur's death, she had been able to guide her foster father's hand as he wrote his signature to the will.

It was disclosed that an unsuccessful effort had been made to have Gemur sign the will on May 6, the day before his death. The dying man refused to sign it, testimony revealed.

Mrs. Oeschger said there had been some discussion about the signing of the second will, but was hazy as to the details.

"This is one of the strangest probate cases I have ever heard," Judge McNutt said. "There are several conflicting stories. I have directed the court reporter to transmit a copy of the transcript to District Attorney Earl Warren's office in Alameda County for action."

Apparently, the judge said, the second will had been drawn on Gemur's instructions, but when it was presented to him in March for signature he was too ill to read it, and he refused to sign.

The purported will of May 6 disposed of the property one-third to Mrs. Oeschger, one-third to her two children, and one-third to Bonney, who now makes his home in Louisiana.

However, afterward a will drawn by Gemur on January 1, 1932, was discovered. It left Mrs. Oeschger, according to her attorney, former Assemblyman Frank Lee Crist of Palo Alto, the bulk of the estate, consisting of all the old man's real estate and personal property.

Hearing on the petitions for letters of administration sought by the Bank of America will continue next Monday.

RURAL REBEL DEFEATS SPEED DOGS AT BADEN

Sensational Performances By Greyhound Developed On Home Course

Two racing stars shone brightly at Baden Kennel Club as the 1938 meeting went into its third week. One was Rural Rebel, a young racer owned by R. C. Davis of San Francisco, which won his first four starts, a sensational feat in dog racing.

In his appearance before the big Saturday night crowd, Rural Rebel defeated the speed dogs of the meeting. Baden officials took particular pride in the fact that the dog had been developed here, raised from the early races in easy stages to a point where he proved his ability to run with seasoned campaigners.

The other sensation in dogdom was Mammoth Flint, the hurdle dog which equalled the track record twice in his first two starts.

Seldom have two such standouts been developed at a greyhound meeting, and both Rural Rebel and Mammoth Flint have been strong favorites with the fans.

Result charts compiled with photographic accuracy from the film of the photo finish camera is another Baden innovation which is proving popular. Exact order of finish and the distances between greyhounds are taken from the film after each race.

Another crowd of 10,000 fans or more is expected to gather at the track Saturday night for the usual week end racing feature between the fastest racing greyhounds on the Pacific Coast.

BRISBANE A. C. WINS AGAIN

Playing errorless ball, the Brisbane A. C. defeated the Chantez Cubs by a score of 7-0.

Billy Strassburger, Brisbane pitcher, pitched spectacularly, striking out 20 men, allowing only one walk and one hit.

Through constant practicing, the boys have developed into wonderful players. The players are Billy Strassburger, pitcher; Lou Pierri, catcher; Jack Corrigan, 1st base; Fred Radoff, 2nd base; Ray Edwards, 3rd base; Elmo Arthurs, shortstop; George Radoff Jr., left field; Weston McIntosh, center field; and Miller, Allem and Kilcich substituting at right field. Mr. Richards is manager.

The boys are out there fighting every inch of the way to put Brisbane "on the map."

In the near future the club expects to give another dance, the proceeds to go for equipment and funds for out of town games.

The Brisbane A. C. would like to take this opportunity to thank all Brisbane citizens for their support.

* * *

The Seventeenth District had a get-together and farewell party May 26. This was held at the Pig 'N Whistle. A very lovely time was had by every one.

* * *

The Brisbane unit had the honor of entertaining the Class of '38 of the Brisbane Elementary School at the Loews Warfield, on June 1. The class consisted of thirteen pupils, who are as follows: Refugia Bomez, Reva Lee Kerran, Yvonne Kinney, Cecilia Laluc, Florence Watts, Peggy Watson, Lee Bogart, Roger Kucich, Richard Miller, Jack Ross, Edward Smith, Bert Tuers, Donald Thomason, James Watson. Our best wishes go with this second graduating class.

* * *

The graduating party and exercises were held June 3, at the school auditorium.

* * *

The regular meeting of the P. T. A. executive board was held June 15, at the school. Plans were made for the coming meeting and a committee was appointed to select prizes for the whist party. Those appointed were: Mrs. Elthel Jonas, Mrs.Ione Kinney, and Mrs. Anita Lummis.

* * *

Many, many thanks to the following for their wonderful help and cooperation: Mesdames Walter F. Gull, W. M. Jones, Francis McKinney, Frank Brandenburger, Curtis Richards, A. E. Lathrop, and Miss Natalie Lipman.
